**Notes:** Know how to crochet in rnds. These patterns are worked from the head down, with no joining. Use a st marker as you work to mark the beginning of each rnd. Color changes can be made, by pulling next color through the 2 loops to finish off the previous stitch. As a free pattern, this pattern has not been tested, but is accurate to the best of my abilities. Please let me know if you find any errors! You can click the pattern title below to get to the printable PDF (text only), still free!

## **Beast Body, beginning at the top of the head**

Begin with magic ring

Rnd 1: 6 sc in magic ring; 6 sts

Rnd 2: inc in each st around; 12 sts

Rnd 3: (inc, sc in next st) 6x; 18 sts

Rnd 4-8: sc in each st around; 18 sts

Attach white, but don't cut Honey. Carry Honey behind each st.

Rnd 9: in white, sc in each st around; 18 sts

Attach Royalty. Drop, but don't cut Honey. You will pick it back up for rnd 11.

Rnd 10: in Royalty (inc, sc in each of the next 2 sts), in White (inc, sc in each of the next 2 sts), in Royalty for remainder (inc, sc in each of the next 2 sts) 4x, pull Honey through at end of last st; 24 sts

You will be working this rnd with all three colors (White, Honey, and Royalty), keep the two you're not using at any given time, behind your sts.

Rnd 11: [dc bobble in part Royalty and part Honey (see pictures for details), pull Royalty through the final loops to complete bobble and prepare for next sts], sc Royalty in next 3 sts, sc White in next 4 sts, sc Royalty in next 3 sts, pull Honey through the end of last st to prepare for bobble, using the detailed pictures repeat the bobble instructions from the brackets, sc Royalty in next 12 sts; 24 sts

Rnd 12: in Royalty dec, sc in next 2 sts, in Sunflower dec, in White sc in next st, in Sunflower sc in next st, in Royalty (dec, sc in each of the next 2 sts) 4x, pull Honey through the end of last st to prepare for bobble; 18 sts

Rnd 13: attach Black this rnd by just adding it to your carried colors. You will be knotting everything off on the inside before closing, in Royalty sc in next 2 sts, pull Honey through end of st to prepare for bobble [dc bobble in part Black and part Honey] pull Sunflower through final loops of bobble, in Sunflower sc in next 5 sts, pull Honey through end of last st to prepare for bobble, drop and cut Sunflower leaving a long tail for sewing on some embellishments later, repeat bobble instructions in brackets, pull Royalty through final loops of bobble, drop and cut Honey, and complete rnd in Royalty still carrying Black, sc in next 2 sts, FLO for bracket instructions: [sc in next st, hdc in next st, (dc, ch 3, sl st back into first ch, dc) in next st, hdc in next st, repeat (), hdc in next st, sc in next st]; 20 sts The last bracket text here creates his coat tails. You can fasten off the Royalty at this point, and complete the Beast with black for his pants.

Before we go onto the closing rnds, there is a lot to be done with his face. First, turn your beast inside out and knot up all the loose ends you currently have, so that none will come undone while embroidering. Then, with a small piece of black yarn, embroider on the eyes between rnds 5 and 6. Then add your Beige just below and between the eyes in the form of a triangle, for the nose. Do this same thing 2 rnds below the nose for the beard. Continuing with Beige, make small, sideways triangles above each eye, for the bushy eyebrows. With White, sew on fangs above the beard. Then use the White to add trim to the sleeves of the shirt, and a large ruffle to the center of the chest. In Sunflower, add trim around the jacket and upper sleeves. With Chocolate, made the horns above the eyebrows in upside down Vs. Then, turn him around and use Honey to add a small ponytail to the back of his head, that overlaps some of the jacket, and add reverse triangles above the ponytail in Royalty, for a bow. The embroidery of the features isn't as complicated as it sounds. For more detailed examples and placement suggestions, please visit the [blog](#) where there are pictures of each step. Follow the pictures on the blog for ideas on the placement. Originally, I wanted to crochet the horns and sew them on, but ended up embroidering every feature due to ease and consistency. The crocheted horns would have been too big.

Make sure all your loose ends are knotted inside the body securely, and stuff the body. These are great little projects for using up yarn scraps! That is what I used for stuffing. Then begin closing up in Black. In the back of his body, you will be using the unworked back loops, underneath the coat tail for this rnd, so you are still only working on closing up 18 sts.

Rnd 14: (dec, sc in next st) 6x; 12 sts

Rnd 15: dec 6x; 6 sts

Fasten off and weave in ends.
